

Description

- Intuitively designed with outer dimensions that match the furnace to lift the unit off the floor and allow for increased air flow in a vertical installation by allowing bottom cabinet return air as well as side return air
- When installed with a Clean Comfort CleanFit™ media air cleaner, these bases expand filtered airflow
- Solid one-piece wrapped cabinet made from 20 gauge steel for support and durability
- Painted finish that compliments the equipment providing a professional installation

UPFLOW BOTTOM SIDE RETURN BASE FOR GAS FURNACES
